SEASON OUTLOOK

With the taste of last season's run to the national semifinals still fresh in their mouths, the 2004 Terrapins and coach Dave Cottle have set their sights on a return visit to M&T Bank Stadium in Baltimore on Memorial Day.

Despite graduating five All-Americans including National Defenseman of the Year Michael Howley, the Terps have re-stocked and reloaded with the National Championship as the ultimate goal.

After going 12-4 last season, the NCAA Semifinalists finished the year ranked No. 3 in the final USILA poll. They return just 24 letterwinners, losing 16 from that squad, but have the ingredients to make it back to lacrosse's promise land.

"Getting to the national semifinals is what we strive for here at the University of Maryland," said Cottle. "Our goal is to win that national championship and in order to do that you have to go through and win in the final four.

"We lost some major players and personalities on the offensive end of the field and we have yet to determine our personality for this season. We know the defense will be solid, we have two All-Americans back there."

Attack

The Terps feature two of the nation's top freshmen from last season in ACC Rookie of the Year **Joe Walters** and **Xander Ritz**, who transferred to Maryland after an outstanding year at Delaware. The Terps can boast they are the only school in the nation with two of the top ten freshman scorers from last season.

Preseason honorable mention All-American, Walters tallied 33 goals, the second-most by a Maryland freshman all-time and will look to continue that high scoring pace in his second collegiate season. He made an immediate impact as the team's top finisher thoughout the season he also showed the ability to pass as he was double and triple teamed later in the season. Walters is the team's leading returning scorer with 46 points a season ago.

Ritz comes to the Terps after piling up 40 points for the Blue Hens, including 23 assists – third most by any rookie in the country. Ritz is a crafty and clever stickman who will be a prime time feeder to Walters and the Terps' midfielders.

Joining the super sophs will be senior **J.R. Bordley**, who played sparingly last season. As a veteran, Bordley will provide leadership and could be a key contributor with his quickness and speed.

The Terps will run several players at both attack and midfield including the likes of junior **Andrew Schwartzman**. Freshmen **Michael Phipps** and **Mike Brown**, sophomore **Bret Caretsky**, and redshirt freshman **Patrick Howell** will also see time on attack. Phipps has a chance to be a special player for the Terps after a star-studded high school career at the Severn School. Brown was an All-American at Conard High School in Connecticut and at 6-4 has a large frame to go with his smarts and slick moves.

Junior college transfer **Terence Dorsey** could also emerge as a solid contributor. He was a two-time NJCAA All-American at Essex CC and scored more than 90 goals in two seasons with the Knights.

Midfield

Similar to the attack, the Terps are expected to start a senior and a pair of sophomores on the first midfield.

Preseason honorable mention All-American **Justin Smith** is the leading-returning scorer in the midfield after tallying 12 goals and 16 points in his first season with the Terps after two years at UMBC. The senior has a knack for scoring the big goal and has 29 tallies in his last 23 games, spanning two seasons. A hulking-figure on the field, Smith possesses great size and strength which will be an asset to the Terps this season.

Alongside Smith will be second-year players **Brendan Healy** and **Bill McGlone**. Both saw action in 15 games a year ago, playing mostly on the third midfield. Healy is regarded one of the Terps' hardest working players according to Cottle and has gained experience and confidence since his first year in college.

McGlone also picked up great experience as he helped the United States Under-19 World Team to the ILF World Championships this past summer at Towson University. McGlone scored seven goals in the six-game event and has improved his stick skills. Cottle says, "'the sky's the limit" for McGlone, who will be a vital component to the team's success in 2004.

The second midfield will be a mix for the Terps. Senior captain **Paul Gillette**, who has been established as one of the nation's top short-stick defensive midfielders will also run on the offensive side with the second line. The selfless Gillette scored four goals and added four assists last season. He will be flanked by juniors **Ian Healy** and **Andrew Schwartzman**.

Healy, who made a successful return to action last season after sitting 2002 with a hand/wrist injury is a quick sparkplug who is quick and elusive. Schwartzman has played mostly on attack in his two seasons with the Terps and has been a man-up specialist. Last season, he scored three goals in 11 games.

The midfield will have many other contributors as the season progresses. Junior **Dave Matz**, sophomore **Michael Hartofilis** and redshirt-freshman **Brent Hargest** all will see their most significant playing time of their young careers.

Freshmen **Thomas Alford**, **Jay Feeley** and **Chris Feifs** will also vie for time in their initial collegiate experiences. Dorsey will also be used in the midfield

Defensive Midfield

The Terps have one of the nation's top short-stick defensive midfielders in **Paul Gillette**. Recognized as the team's most consistent performer, Gillette led the team in groundballs last season with 66, also causing 16 turnovers. He adds the intangibles in all aspects of the game and will be a major factor in the team's success as a team captain in his senior year.

Also seeing time as short-stick midfielders will be seniors **Drew Virk** and **Alex Melzer** and sophomore **Ryan Lang** and freshman **Travis Holmes**.

Virk, who doubles as one of the Terps' face-off men, is a hard-hitting weapon. Lang and Holmes figure to see time as the year progresses. Holmes is an incredibly tough competitor who was also a Maryland wrestling state champion in high school.

At long-stick defensive midfield, Cottle will look to **Tyler Hereth** to start the year. The junior has played sparingly as a defenseman in his two years with the Terps but will be called on to log more minutes and contribute.

Junior **Peter Ellis** has made the transition from a short stick to long-stick and will also play in his fourth year in the program. Freshman **Sean Sullivan** comes to Maryland with great hands and stick-work according to Cottle. He is expected to be a key take-away man this year.

Senior Captain Paul Gillette

LaxFax
Lee Zink is a preseason first team All-American, after being a USILA third team member last year.

Face-Offs

Maryland will use a face-off crew by committee this season with a trio of players who saw time their last season.

Senior **Drew Virk** took the most face-offs on the team last season with 98 and will be one of the Terps' prime guys again this season. Senior **Jeremy Pastula** won 58 percent of his 69 draws last season and has good size and strength.

Sophomore **David Tamberrino** will also be given a chance. He saw his most significant playing time in the national semifinal game with Virginia, winning three of his five draws.

Freshmen **Thomas Alford**, **Paul Andrews** and **Chris Feifs** will also compete for playing time in the face-off circle.

Defense

The Terps team strength lies in the close defense as they return two preseason first team All-Americans as part of the three-man senior crew.

Preseason All-Americans and team captains **Chris Passavia** and **Lee Zink** will team with senior captain **David Wagner** to form one of the nation's premier units.

Passavia was a Second Team USILA All-American last season after a sensational season. He is known for a stripping, slicing and dicing style of defense. He picked up 43 groundballs last season and caused 23 turnovers.

Senior Justin Smith

Zink emerged last season to have one of the best seasons in the nation among all close defenders earning Third Team USILA All-American honors. Zink led the Terps in caused turnovers with 32 and also had 41 groundballs. He had an amazing run at the end of the season in which he held the man he guarded scoreless for four consecutive games.

Wagner is an unsung hero on defense who will finally get his chance in his final season in College Park. A steady and solid defender, Wagner is a senior influence on the backline.

Backing up the seniors will be juniors **Gavin Webb** and **Tyler Hereth**, both of whom are expected to see additional time in their third year with the Terps. Redshirt freshman **Scott Slosson** is also in the mix.

Freshman **Ray Megill** comes in after an All-American career in high school and is a great athlete who has impressed Coach Cottle this spring. Freshman **Ryan Clarke**, a long-stick from Long Island, should see time as the year progresses

Goalie

The competition for the starting goalie position has been a battle between a pair of decorated newcomers. Graduate student **Tim McGinnis** comes in after being named a Division III All-American at Gettysburg College three times including being National Goalie of Year in 2002.

Highly-touted freshman **Harry Alford** joins the Terps after an All-American high school career and leading Team USA to the Under-19 ILF World Championships this past summer.

McGinnis has the experience of a veteran, who has played in two collegiate national championship games. Alford brings in international experience, as he stopped some of the world's finest players.

According to Cottle, the battle was too close to call early in training camp. But he knows one thing: he will be in good hands with either goalie between the pipes.

Sophomore **Teddy Murphy**, who has good field vision, is also in the battle for the starting job as he is the only Terp netminder with experience at Maryland.

Preseason Notebook

Preseason First Team All-Americans: Passavia, Zink

The Terps placed two players on the *Face-Off Magazine* Preseason All-American list.

Maryland will be led by its pair of preseason first-team All-American defensemen, **Chris Passavia** and **Lee Zink**. Both Passavia (second team) and Zink (third team) were USILA All-Americans last season.

The Terps also feature two preseason Honorable Mention All-Americans in attacker **Joe Walters** and midfielder **Justin Smith** .

100th Hopkins Game Highlights 2004 Schedule

The 2004 schedule will be highlighted by the 100th meeting between Maryland and arch-rival Johns Hopkins on Saturday, April 17 at Homewood Field. The Terps will also rematch 2003 national champion Virginia at Byrd Stadium on April 3 at 1 p.m.

Maryland will play at least four games on television this season. They have three games scheduled as part of the WMAR Channel 2 Game of the Week package: March 13 vs. Towson at home, April 10 vs. Navy at Byrd and the Hopkins game on April 17. The Maryland/Virginia on April 3 will be televised nationally on CSTV (College Sports Television). CSTV will also pick up the feed of the Maryland/Hopkins game from WMAR. Maryland also has chances to play on television if it reaches the ACC Championship game which will be aired live on Comcast SportsNet on April 25, as well as NCAA Tournament games.

The season opens on February 28, as the Terps travel to Georgetown for the first time in the regular-season, for a noon face-off. The Terps and Hoyas scrimmaged for several seasons before setting up a series last season.

The Terps will host a total of six games this season beginning with Towson on March 13 and concluding with Pennsylvania on May 8. The Quakers are the only new team on the 2004 schedule from last season's slate. Maryland has not played Penn since the 1987 NCAA Quarterfinals. Navy will make its bi-yearly visit on April 10 while Butler and Notre Dame each come to Byrd Stadium for their first-ever regular-season games on March 23 and May 1, respectively.

Terps Ranked No. 5 In Poll

Coming off a trip to the NCAA semifinals, the Maryland men's lacrosse team is ranked No. 5 in the Preseason *Face-Off Magazine* Coaches' Poll conducted by Inside Lacrosse. The poll surveyed all 53 Division I men's lacrosse coaches.

Maryland, which went 12-4 last season, was also ranked No. 5 in last season's preseason poll. The Terps will take on six of the top 10 teams: No. 1 Virginia (April 3), No. 2 Johns Hopkins (April 17), No. 6 Georgetown (Feb. 28), No. 8 North Carolina (March 27), No. 9 Duke (March 6), No. 10 Towson (March 13) and 10 of the overall top 25 with No. 16 Notre Dame (May 1), No. 18 Navy (April 10), No. 19 UMBC (March 20) and No. 23 Bucknell (March 16) also on the schedule.

The Maryland men's and women's lacrosse teams are ranked third in the country, according to the *Lacrasse Magazine's* preseason rankings released in December by U.S. Lacrosse.

DAVE COTTLE

Head Coach

Salisbury '78 • Third Season at Maryland

Dave Cottle, the third winningest active coach in lacrosse, begins his third season at the helm of the Maryland lacrosse program in 2004. He was named the eighth coach in the storied history of Maryland lacrosse on Sept. 26, 2001, after a sensational 19-year stint as the head coach at Loyola College in Baltimore.

Cottle, 48, took the reins from the ACC's all-time winningest coach, Dick Edell, who retired on Sept. 3, 2001 after 18 years with the Terps.

He enters the 2004 season as the third winningest active coach in the sport of lacrosse, winning 72.1 percent of his games for a 202-78 record. He picked up his 200th career victory in the Terps' 10-4 win at Notre Dame last season (May 3, 2003).

Last season, he led Maryland back to the NCAA Semifinals for the fourth time in nine years, but the first since 1998. The Terps had a stellar season finishing ranked No. 3 in the nation after being ranked in the top seven all season.

Maryland piled numerous accolades as they had eight USILA All-Americans including first-teammer and National Defenseman of the Year Michael Howley.

The Terps posted a 12-4 record in 2003 and gave Cottle his third trip to the national semifinals. He led the Greyhounds to two national semifinal appearances including an appearance in the 1990 championship game.

The backbone of Cottle's success has been his emphasis on a strong work ethic, intelligent recruiting, attention to detail, and a creative approach to the game. He also is a true believer in the concept of "student-athlete." In each of the last three years, his team's graduation rate has been 89 percent or higher. Five of Cottle's players earned Academic All-America honors.

He led his Loyola teams to top-10 finishes in each his 14 seasons. The Greyhounds finished with a winning record the final 18 years of his tenure, dating to 1984. Loyola also played in 14 consecutive NCAA Tournaments, entering the 1998 and 1999 tournaments as the No. 1 seed.

A Baltimore native, Cottle took over a struggling Greyhound program in 1983. Since posting a first-year record of 5-9, his only losing season, Cottle's Loyola teams reeled off 18 consecutive winning seasons. The 1998 team's 13-2 campaign, which ended with a berth in the NCAA semifinals, saw Loyola reach a No. 1 national ranking, and the school's first No. 1 seed in the NCAA Tournament.

In 1988 the Greyhounds began their current run of 14 consecutive NCAA Tournament appearances. Loyola advanced to the national championship game in 1990, and it has made 10 NCAA quarterfinal appearances. In fact, Loyola has advanced to at least the national quarterfinals in seven of the past eight seasons.

The 1990 team, a potent mix of seasoned veterans and talented underclassmen, marched all the way to the NCAA championship game after making the school's first NCAA semifinal appearance. In the semifinals the Greyhounds staged an incredible comeback to beat Yale, 14-13, in overtime and advanced to the title contest against two-time defending champion Syracuse. The Orangemen ended Loyola's quest for the national title, but the Greyhounds' 1990 season always will be remembered.

In 1994 Cottle guided the Greyhounds to one of their best seasons ever. Loyola finished 11-2, recording wins against four teams that participated in the NCAA Tournament. The Greyhounds earned the nation's No. 1 ranking for only the second time in the program's history during that memorable campaign. Loyola concluded the regular season with a 17-15 victory over Johns Hopkins, the program's first victory ever against the Blue Jays. Ranked third in the final USILA poll, the Greyhounds earned a first-round bye into the NCAA Tournament before dropping a 14-13 overtime decision to Brown in the NCAA quarterfinals.

Cottle also guided his 1988 and 1989 teams to the postseason. The 1988 squad finished with a 12-2 record, earning Loyola's first NCAA Division I tournament berth. Loyola defeated Air Force for its first NCAA postseason victory before losing to Penn in an exciting quarterfinal. The Greyhounds concluded the campaign ranked fifth in the nation, and Cottle earned USILA Coach-of-the-Year honors, becoming the first coach in Loyola athletic history to receive a national award. Cottle was selected to coach the South team in the 1988 North-South All-Star Game.

The 1989 Greyhounds became the only Loyola lacrosse team to complete an undefeated regular season. The Greyhounds beat four nationally ranked teams en route to a perfect 10-0 mark. Loyola was ranked third in the final poll, behind eventual national champion Syracuse and Johns Hopkins. A quarterfinal loss to North Carolina ended Loyola's season, but the Greyhounds captured the attention of the lacrosse world with their best record ever.

Cottle came to Loyola in 1982 after leading Severn School to a 26-9 record and

Dave Cottle has been to 15 NCAA Tournaments, fourth most of any coach all-time.

consecutive Maryland Scholastic Association championships. Prior to his success at Severn, Cottle served for two years as a graduate assistant coach, assistant varsity lacrosse coach and physical education instructor at his alma mater, Salisbury State University.

One of the finest players in Salisbury State history, Cottle was enshrined into the school's Athletic Hall of Fame in 1989. During his career he re-wrote the NCAA record book, while earning All-America honors three times. He still holds many places in the Salisbury State record book, and was just the second player in collegiate lacrosse history to score over 100 points in a single season. The nation's leading scorer in 1975, he served as captain of the South team in the North-South All-Star Game.

Cottle received his bachelor of science degree in physical education in 1978 from Salisbury.

He was an assistant coach for Team USA 1994, which won the world championship in Manchester, England. Cottle has addressed many lacrosse gatherings across the country, including the USILA Coaches' Convention, and he serves as a member of the All-America Selection Committee. In February of 1998 he was inducted into the Baltimore Chapter of the Lacrosse Foundation's Hall of Fame.

A graduate of Baltimore's Northern High School, Cottle lives with his wife, Lynn, daughters, Taylor and Tory, and son, Sean, in Edgewater, Md.

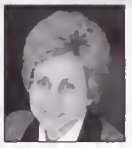
What They Are Saying ...



"We believe that Coach Cottle will lead Maryland to its next national championship in men's lacrosse. We appreciated hearing from a number of the former players who spoke highly about their experience of playing under Coach Cottle. We look forward to the future of our program under his direction."

– Deborah A. Yow, Maryland Athletics Director

"Dave did a wonderful job with the Loyola team for years. We scrimmaged them for years and it was actually so spirited that we dropped it because it was almost like playing another regular season game."

– Dick Edell, former Maryland head coach

"Dave Cottle has been a close friend and mentor for 20 years now. The University of Maryland is fortunate to have the premier offensive mind in the game as its head coach. He is not only a tremendous coach but also a person of the highest character who will bring out the best in his players."

– Bill Tierney, Princeton head coach

"There's not another coach in the country that I respect more, on and off the field, than Dave Cottle. Maryland has not only made a great selection, but it has made the right selection."

– Tony Seaman, Towson head coach

"Dave Cottle is a very special person. As good as he is as a lacrosse coach, he's an even better person. What he has done at Loyola in almost 20 years is unsurpassed in college lacrosse. He's an extraordinary coach."

– Joe Boylan, Loyola Director of Athletics

"As an alum and former Terrapin lacrosse player, I'm excited that Maryland hired the very best candidate available. I'm confident that Dave Cottle will continue the great Maryland lacrosse tradition and bring home some national championships."

– John Lamon, former All-ACC lacrosse player at Maryland and past Terrapin Club President

DAVE SLAFKOSKY

Assistant Coach • Defensive Coordinator
Johns Hopkins '74 • 21st Season at Maryland

Assistant coach Dave Slafkosky continues his association with the Maryland lacrosse program as he enters his 21st season with the Terps this spring. This season will be the third straight Slafkosky has worked with Dave Cottle after the previous 18 with his best friend, coach Dick Edell, who retired in September 2001.

Slafkosky and Edell celebrated their 25th year together in 2001 in leading the Terps to a No. 1 ranking at midseason. The duo was also featured on the cover of *Inside Lacrosse* magazine. Edell and Slafkosky's relationship began when the two coached together at Army from 1977-1983. When Edell came to Maryland, his only request was that "Coach Slaf" join him. Granting Edell's only request was a critical decision that ensured unprecedented success for the program. Slafkosky has continued to serve admirably under Cottle for the past three years.

When Cottle came aboard as head coach in 2002, Slafkosky returned to the defensive side of the game as defensive coordinator after serving as offensive coordinator in 2001.

Last season featured the Terps' All-American defense led by National Defenseman of the Year Michael Howley (first team) along with second teammer Chris Passavia and third team members Lee Zink and goalie Danny McCormick. The Terps were among the nation's leaders in defense all season, allowing just 7.25 goals per game.

The Terps returned to the NCAA Semifinals for the fourth time in nine years and seventh in Slafkosky's 20 years at Maryland.

In 2002, the Terps continued to have the nation's premier defense as they led the nation in allowing just 6.88 goals per game for the top defense in the rankings. Slafkosky coached a pair of All-Americans in close defenders Michael Howley and Chris Passavia.

As the offensive coordinator in 2001, All-American attacker Andrew "Buggs" Combs became the second player in Maryland history to score 50 goals in a season. This will be Slafkosky's third stint as defensive coordinator at Maryland. Prior to the 2001 season, he served as defensive coordinator for five straight seasons.

Originally, Slafkosky was named defensive coordinator when he joined the Terps in 1984. After leading Maryland to the NCAA semifinals in 1987 and 1989, Edell had his old friend take over the offensive reins in 1991.

Without missing a beat, the Terps would soon experience the same success on the offensive end with Slafkosky at the wheel. Maryland would return to the NCAA semifinal in Slafkosky's first year with the offense in 1992. Under Slafkosky's tutelage, Mark Douglas would become a first-team All-American and establish the University of Maryland's single-season goal scoring mark of 51. In the same year, Rob Wurzburger would become the all-time career goal scorer with 137.

Maryland's offense would continue to be successful under Slafkosky's watch, qualifying for the NCAA's every year and reaching the finals in 1995. His most successful season came in 1995, with fellow assistant Scott Marr's new insight, as Maryland shattered the school's offensive record books. The Terps scored 235 goals and produced All-Americans in Kip Fulks and Rob Chomo. After the '95 season, Coach Slaf switched back to the defensive side knowing Maryland was in great shape with Marr running the offense.

Maryland's defense has become its trademark with its intimidating physical play. The Terps reached the finals in 1995, led by its National Defenseman of the Year, Dan Radebaugh. Defenseman Dave LaChapelle's play earned him second team All-America honors in 1997 and propelled the Terps into the championship game for the second time in three years.

Slafkosky worked heavily with 1998 ACC Player of the Year Kevin Healy, who was also a second team All-American. Slafkosky added another All-American honoree to his resume as Chris Lamy was honored by the USILA following the 1999 campaign. The 2000 season saw the emergence of a new star in goal, Pat McGinnis, who was among the nation's leaders in save percentage and goals against average throughout the season. The year culminated with McGinnis one of two Terps named All-ACC. Along with McGinnis, senior defender Casey Connor was honored as well. The solid close defenseman earned second team USILA All-American honors. It marked the fifth straight year a Terp defender earned All-American accolades – all under the tutelage of Slafkosky.

A 1974 graduate of Johns Hopkins, Slafkosky led the Blue Jays to a national championship his senior year as a midfielder.

Slafkosky and his wife of 24 years, Michelle, are the parents of four children: Daniel, Sarah, Kevin and Alex. Slafkosky continues to keep the memory of his eldest son Daniel close to him. A U.S. Marine, Daniel passed away in December 2000 at the age of 20.

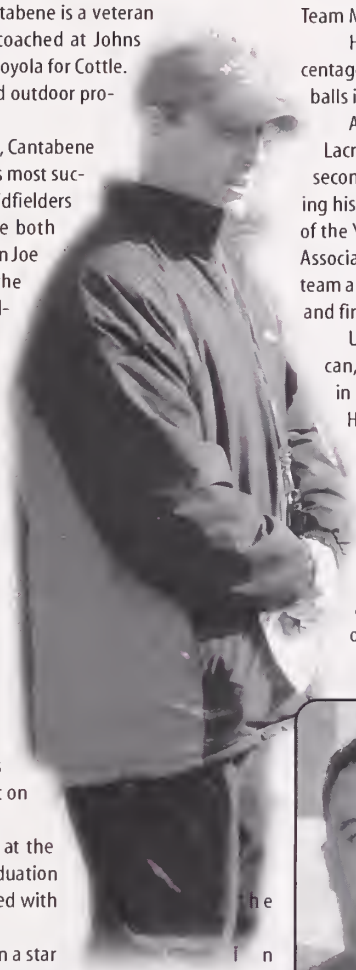
PAUL CANTABENE

Assistant Coach • Offensive Coordinator
Loyola '93 • Second Season at Maryland

Long-time assistant coach Paul Cantabene, who was hired by coach Dave Cottle in September 2002, begins his second season with the Maryland lacrosse program. Cantabene is a veteran lacrosse coach and player, having coached at Johns Hopkins and Towson and played at Loyola for Cottle. He has been an all-star in indoor and outdoor professional leagues.



In his first season at Maryland, Cantabene helped the Terps' offense to one of its most successful seasons in recent history. Midfielders Mike Mollot and Ryan Moran were both named All-Americans while freshman Joe Walters was named ACC Rookie of the Year and an honorable mention All-American.

Cantabene came to Maryland after serving as the offensive coordinator at Towson for the past four seasons. Cantabene was a key component in the Tigers' revival which saw them reach the 2001 NCAA semifinals with the highest scoring offense in the nation. He joined the Towson staff under the tutelage of head coach Tony Seaman, whom he had worked with at Johns Hopkins from 1996-98. Prior to his time at Towson, Cantabene served as the midfield coach for the Blue Jays. He helped Hopkins compile a 41-15 record and NCAA Tournament berths in each of the three seasons he spent on Charles Street.

He began his coaching career at the McDonogh School following his graduation from Loyola in 1993, where he worked with the attack and midfield units.

As a player Cantabene has been a star in the indoor, outdoor and club circuit for a decade. He is widely regarded as one of the elite face-off specialists in the sport. This past summer, he helped the Baltimore Bayhawks to their third Major League Lacrosse championship game. He finished second in the MLL in groundballs with 92, playing in all 11 games. He won 51 percent of his face-offs (158-of-312) including a team-record single-game mark of 22-of-35 vs. Bridgeport. Also scored six goals and had six assists for 12 points.

In the summer of 2002, he captured the Major League Lacrosse World Championship with the Baltimore Bayhawks in his second season in the outdoor league. He served as the Bayhawks' primary face-off specialist, taking 385 of the team's 419 draws during the season and led the team with 86 groundballs. He also tallied nine goals and added six assists for 15 points in 2002 as he was an MLL All-Star for the second consecutive season and was also named a SoBe Iron Lizard.

In the indoor game, Cantabene is in his 11th season in the National Lacrosse League, having played with the Baltimore Thunder, Pittsburgh Crossfire, Washington Power and the Philadelphia Wings, whom he joined in 2002. In his season with the Wings, he notched 18 goals and 40 assists for 58 points and won more than 60 percent of his face-offs as well as leading the team's field players in loose balls with 163. He was named the league's All-Star Game MVP in 1999 and the Thunder's Team MVP and Rookie of the Year in 1994.

Heading into the 2004 season, he had a 55.5 face-off win percentage (898-of-1619) in regular-season play. He has recorded 794 loose balls in his career, fifth-most in league history.

As a club player, Cantabene played six years for Mt. Washington Lacrosse Club (1995-2000), earning first-team All-Club five times and second-team once. He also played for the Maryland LC in 1994, earning his first first-team All-Club honor. He was named the 2000 Player of the Year in the Southern Division of the United States Club Lacrosse Association (USCLA) while playing for Mt. Washington LC. He was a first-team all-midfield, led the league in face-offs and was third in the league and first on the team with 20 goals.

Under Cottle at Loyola, Cantabene was a second-team All-American, team MVP and team captain his senior season at Loyola College in 1993 and earned a spot on the North-South All-Star Game squad. He helped the Greyhounds to NCAA Tournament bids in each of his four years and one in the NCAA championship game in 1990.

Cantabene was inducted in the Rochester Chapter of the U.S. Lacrosse Hall of Fame in 2003.

The 33-year-old native of Rochester, N.Y., was married on Sept. 14, 2002, to his longtime sweetheart Tracey, who currently serves as the Director of Membership at U.S. Lacrosse and as an assistant field hockey coach at Johns Hopkins. Canatbene is one of seven siblings and currently resides in Baltimore.

Gorski lettered in lacrosse for four years at UMBC from 1993-96. He was awarded the Don Auer Award after his senior season in 1996 as the Retrievers' Unsung Lacrosse Player. He played goalie for more than three seasons before finishing as a defenseman. Overall, Gorski made 35 appearances with 14 starts in goal. He stands 10th all-time in saves at UMBC with 224. LACROSSE HANOS OUT TEAM AWARDS

The Maryland men's lacrosse team and head coach **Dave Cottle** welcomed back the 2003 seniors that led the Terps to the national semifinals and a 12-4 overall record.

Former Coach **Dick Edell** was on hand to help present the honors, most notably the second annual "Big Man" award that was created to honor the player that best exemplified the selfless and positive qualities of the retired coach. The 2003 award was given to all-American goalie **Danny McCormick**. Edell identified McCormick as one of the most persistent and hard-working members of the team.

The Daniel Slafkosky Coach's Award was also given out, in memory of the assistant coach Dave Slafkosky's son who passed away prior to the 2001 season. The coaches chose this year's recipient, defenseman **Brett Harper**, as the player who best illustrated Dan's positive attitude on and off the field.

In addition to those accolades, awards were given to the seniors by Dave Diehl, the Director of the M Club and to athletes receiving academic honors during the 2002-2003 school year, by Don Pearman in Academic Support. The 2003 scholar-athlete award was given to **Sean Leary**, in honor of his continued academic accomplishments

HOWLEY NAMED NATION'S TOP OEFENOER

Terrapin men's lacrosse senior captain **Michael Howley** continued his collection of postseason accolades after being awarded the William C. Schmeisser Memorial Cup as the Nation's Outstanding Defensemen of the Year by the United States Intercollegiate Lacrosse Association (USILA)

Howley, who was also named a USILA First Team All-American following the team's trip to the semifinals, became the eighth Terp defensmen to receive this honor, and the first since Dan Radebaugh in 1995.

The 2002 Tewaaraton trophy finalist dominated on close defense throughout his career at Maryland, starting his last 60 games as a Terp and finishing with 178 groundballs, four goals and five assists for nine points.

In the past four years, he was a first or second team All-American selection for each of the past three seasons, making him the first Terp since Tom Worstell (1986-88) to be honored so highly. He was also a three-time All-ACC selection and earned NCAA All-Tournament honors for helping to hold Christmas pointless.

Howley was drafted by Major League Lacrosse's Rochester Rattlers in this year's college draft.

EIGHT TERPS NAMED ALL-AMERICANS

Eight Terps earned USILA All-American honors on Monday as the teams were released at the national championship game (won by Virginia, 9-7) at M&T Bank Stadium. The eight honorees are the most since nine Terps were named All-Americans in 1998 -- the last time Maryland made the NCAA Semifinals before this season.

Senior **Michael Howley** was named to the first team on defense. Howley had been named a second team All-American each of the past two seasons. He is the first Terp defenseman to be named to the first team since Dan Radebaugh in 1995.

Junior **Chris Passavia** was honored as a second team selection on defense. Last season, Passavia was a third team pick.

Four Terps were named to the third team: midfielders **Mike Mollot** and **Ryan Moran** along with defenseman **Lee Zink** and goalie **Danny McCormick**.

Two more Terps earned honorable mention All-American honors as senior defensive midfielder **Brett Harper** and freshman attacker **Joe Walters** were also named to the team.

MUSCLING OUT MYOSITIS FOR EOELL

About 500 people came to the campus on Sept. 21, 2003 to support former Terrapin men's lacrosse coach **Dick Edell** and to participate in the 5-K walk-a-thon "Muscling Out Myositis." Edell suffers from inclusion body myositis, which forced his retirement two years ago after 18 years as the Terps' coach. Myositis gradually breaks down muscle fibers and eventually renders the limbs incapacitated. An estimated $55,000 was raised during the event, said Edell's daughter, Krissy Edell Kelley, who co-organized the tribute event for her father in conjunction with the University of Maryland Alumni Association.

Artif. Turf Facility • College Park

No. 5 Maryland 13
No. 7 Duke 7

COLLEGE PARK, Md. - After a slow start, Maryland goalie **Danny McCormick** made sure an overflow crowd of 1,831 would not go home disappointed as the Terps cruised to a 13-7 season-opening victory over ACC rival Duke (2-1) Sunday at the Artificial Turf Facility.

McCormick had a career-high 17 saves to lead a stellar defensive effort that kept Duke off the scoreboard for a 38-minute stretch from early in the second quarter until the game's final moments.

Brian Hunt and **Dan LaMonica** each registered hat tricks to pace the Maryland offense that scored 11 consecutive goals during the Duke drought.

Duke scored three of the game's first four goals to jump on top early, before Maryland's defensive pressure stymied the Blue Devil attackers.

LaMonica's hat trick was the seventh of his career, as the Terrapins avenged two one-goal defeats to the Devils last year. LaMonica's first goal began the Maryland onslaught and Hunt's second score seconds later tied the game at four. Goals by **Mike Mollot**, Hunt and **Ryan Moran** gave the Terps a 7-4 halftime advantage.

The Terrapins scored six times in the first 23 minutes of the second half, before Duke tallied the final three goals. Maryland utilized its man-up chances, scoring on four of six extra-man opportunities, while Duke was held to just one goal with the man advantage.

In their last two home games against Duke, Maryland has outscored the Devils 26-12, including a 13-5 victory in 2001

Freshman **Bill McGlone** scored his first career-goal while Junior transfer **Justin Smith** scored his first as a Terp and **Ian Healy** returned from his injury-redshirt season with the Terps' other goal.

Maryland has now won 10 consecutive season openers and has a 74-3-1 all-time record in season openers dating to 1924.

Game 3 • March 11
Artif. Turf Facility • College Park

No. 3 Maryland 14
No. 19 Bucknell 8

COLLEGE PARK, Md.- Heading into this game at the Artificial Turf Facility, it was thought to be a low-scoring affair. After all, Maryland had the nation's top defense last season allowing 7.0 goals per game, while Bucknell had held each of its last two opponents to just two goals and held its opponents to 5.67 goals per game ealy in the season.

So what do we get, a 6-6 tie after the first quarter.

After that surprisingly high-scoring first quarter, No. 3 Maryland buckled down on defense and picked up a 14-8 victory over the No. 19 Bison on a chilly afternoon.

Junior midfielder **Ryan Moran** and freshman attacker **Joe Walters** each scored four goals to power the Terps to the win. For Moran, the four goals set a new career-high. For Walters, it marked the second straight game the freshman had tallied four goals after he did at Towson. Walters also added two assists for a career-high six points. Senior midfielder **Mike Mollot** picked up four assists in the win.

With the score tied 6-6 after the fast-paced first quarter, the teams slowed the game down in the second half and the defense went to work as Maryland scored the only goal of the second quarter to take the lead for good as freshman midfielder **Bill McGlone** netted his second career goal with 1:05 left in the first half to make it 7-6.

Walters and Moran each scored their second goals of the game in the third quarter as the Terps built a 9-6 lead before a Bucknell goal by Andrew Copelan with one second left in the third made it 9-7.

Walters and Moran each scored twice in the fourth quarter as the Terps distanced themselves from Bucknell coming away with the 14-8 victory. The Terps other final quarter goal came from **Justin Smith**.

The first quarter was played at a frenetic pace with the teams trading goals. Moran opened the scoring just 31 seconds into the game to set the pace. Bucknell's Rob Lane quickly answered less than a minute later. Maryland graduate attacker **Brian Hunt** scored the first of his two goals in the quarter to make it 2-1. Walters made it 3-1, before the Bison's Dennis Geraghty scored two goal sandwiched around a **Willy Passavia** tally to make it 4-3 with 4:04 left in the first.

Matt Urlock scored a man-up goal to make it 5-3 and Hunt followed with his second to make it 6-3 with 2:32 left in the period. Bucknell then scored the final three goals of the quarter as Andrew "Worthy" Sanders, Rob Lane and Copelan scored to tie the game after one quarter at 6-6.

Led by Moran, who won 10 of his 12 face-offs, Maryland won 15 of the game's 25 draws.

Game 5 • March 22

No. 13 N. Carolina 10
No. 2 Maryland 6

COLLEGE PARK, Md.- North Carolina goalie Paul Spellman had a career day to lift No. 13 North Carolina to a stunning 10-6 upset win over the host Terrapins in Maryland's return to Byrd Stadium.

Spellman had a career-best 25 saves to lead a stellar Heel defensive effort, while senior Austin Garrison paced the Carolina offense with four goals and an assist to hand the Terps their first loss of the season in front of 2,182 on a beautiful day in College Park.

Joe Walters registered two goals for the Terps. **Mike Mollot** added a goal and two assists for the second-ranked Terrapins (4-1, 1-1).

Spellman held the Terps scoreless for the game's first 23 minutes while Garrison gave North Carolina (5-2, 4-1) a three-goal bulge by scoring twice in 35 seconds midway through the second period.

The Terps pulled to within one at halftime on goals by **Brian Hunt** and Mollot. Despite the comeback, the Heels dominated the first half outshooting Maryland 28-15.

No. 16 Navy 7

ANNAPOLIS, Md. -- The streak is over!

For the first time in five years Maryland did not beat Navy, 6-5, instead the Terps racked up a 9-7 victory at Rip Miller Field. One streal does continue though, as Maryland has now won 11 consecutive games against Navy.

Freshman attacker **Joe Walters** posted his fourth four-goal game of the season and junior attacker **Dan LaMonica** posted a career-high six assists as the Terps broke the uncanny streak of 6-5 games.

Maryland senior long-stick midfielder **Brett Harper** iced the game as he took a pass from Hunt and scored from about 30 feet out for the clincher -- making it 9-7 with 37 seconds left.

Navy tied the game at 5-5 as Ben Bailey netted a goal off a pass from Ian Dingman with 4:41 left in the third quarter. That set the stage for the fouth quarter where a 6-5 game was a distinct possibility. But as it turned out -- it was not to be.

It was the Dan LaMonica assist show in the second quarter as he set up all three Maryland goals on some sweet passing as the Terps took a 5-4 lead into halftime.

LaMonica set up both **Mike Mollot** and **Justin Smith** for two goals within 1:21 to give the Terps their first lead of the game at 4-3. Navy tied the game as long-stick midfielder Thomas Morris made a full-fiels rush and beat Maryland goalie **Danny McCormick** with 6:15 left in the first half. But the Terps took the lead in halftime as Walters scored his second of the game off a pass from LaMonica with 3:06 left in the quarter.

CHARLOTTESVILLE, Va. - The No. 13/No. 4 seed Duke 8lue Devils handed the No. 5/No. 1 seed Maryland Terrapins, a 7-6 loss in the first ACC men's lacrosse semifinal at a rain Klockner Stadium.

The Blue Devils (8-5 overall) jumped out to a 4-1 lead after the first quarter and held on as Maryland mounted a comeback late in the game. All-ACC midfielder Kevin Cassese scored two of his three goals in the first quarter. All-ACC attacker Matt Rewkowski also netted three for the Blue Devils.

Kincel as time expired after the Terps made a full-field rush in the final seconds. Kincel was stellar against Maryland again, as he made 12 saves.

Duke opened on top 3-0 in the first 12 minutes of the contest as Rewkowski, Matt Monfett and Cassese scored goals. Maryland's **Joe Walters** then got the Terps on the scoreboard at the 2:34 mark of the opening quarter, but, on the ensuing face-off, Cassese won the draw, secured the ground ball and raced to goal, beating Maryland goalkeeper **Danny McCormick** for a 4-1 8lue Devil advantage.

Moran then scored consecutive goals at the 3:40 mark of the second quarter and 14:18 mark of the third period to pull the Terrapins within 4-3. No. 4 Maryland 9
No. 5 Georgetown 5

COLLEGE PARK, Md. - After more than a three-month delay, No. 4 Maryland's first-ever regular season matchup with regional rival and fifth-ranked Georgetown lived up to its physical expectations in front of 2,671 at a warm Byrd Stadium evening.

Veterans **Brian Hunt**, **Ryan Moran** and **Mike Mollot** each netted two goals and **Lee Zink's** first-career goal and strong defense propelled the Terrapins to a 9-5 victory in their regular season home finale.

The teams combined for a whopping 66 turnovers and 18 penalties as the Terps (9-3) pulled away from the feisty Hoyas in the fourth quarter, inching the Terps closer to securing their 26th NCAA Tournament berth and a possible first-round home game.

Walters' man-up goal, off a Hoya turnover, gave Maryland a quick lead 1:10 into the game. Hunt's sixteenth goal of the season, in which he deked Georgetown goalie Rich D'Andrea, gave Maryland a 2-1 edge after one quarter and Moran beat two defenders for his first of two goals in the game early in the second stanza for a two-goal Terrapin lead.

The teams traded scores for a 4-2 Maryland lead at the break and continued the aggressive play into the second half. After Georgetown (10-2) closed the deficit to one at 5-4 midway through the third quarter on Phil Vincenti's second goal of the game, the Terrapins ripped off three straight scores, capped by Zink on a nice feed from Hunt, to put the game away.

Maryland goalie **Danny McCormick** again had a long scoreless streak, holding the Hoyas off the board for 18 minutes spanning the third and fourth quarters. The senior finished with 14 saves.

The Terps close defense, featuring Zink and all-ACC selections **Michael Howley** and **Chris Passavia** combined for 12 groundballs and nine forced turnovers. Zink forced five of those Hoya turnovers. Off the bench, reserve defenseman **Frank Luciano** picked up three groundballs and two caused turnovers.

Georgetown's Andy Corno had a sensational day on faceoffs, winning 16 of 18 draws. The Hoyas played without senior captain Kyle Sweeney who was diagnosed with a broken left ankle earlier in the day.

Game 13 • May 3
Moose Krause Stadium •
Notre Dame, Ind.

No. 4 Maryland 10
No. 18 N. Dame 4

NOTRE DAME, Ind. - A stifling Maryland defense shutdown Notre Dame's top two scorers as the No. 4 Terps posted a 10-4 win at the No. 18 Irish on a sunny Sunday afternoon. The win gave Maryland coach Dave Cottle his 200th career win (200-77) in 21 years of coaching at Loyola (1983-2001) and Maryland (2002-03).

The Terps defense equaled its fewest goals allowed this season in holding the Irish to just four and held Notre Dame to its lowest output since the 2000 season as Loyola -- coached by Cottle -- held them to two in a 12-2 win on March 18, 2000.

Maryland's defensive trio of **Michael Howley**, **Chris Passavia** and **Lee Zink** held Notre Dame's leading scorers Patrick Walsh and Dan 8erger pointless. Walsh entered the game as the nation's fifth leading scorer with 52 points. Zink had his second sensational performance of the week as he

posted a career high nine groundballs and forced seven turnovers -- the most by any Terp this season. Walsh was held to just one shot -- which came in the final minute of the game -- as his high school teammate and friend Howley shut him down all afternoon.

Defensive midfielders **Paul Gillette** and **Brett Harper** were also key in the team's success. Goalie **Danny McCormick** made eight saves in goal as the Terps outshot the Irish 42-25.

The Terps' offense also clicked early and late in the game as four players scored twice: **Brian Hunt**, **Joe Walters**, **Justin Smith** and **Ryan Moran**. Maryland opened a 5-1 lead at halftime and outscored the Irish 5-1 in the fourth quarter on the way to the win.

After Notre Dame opened the scoring Maryland scored the nest five goals brigding the first two quarters. Moran and Smith scored unassisted to make it 2-1 after the first quarter. Then Hunt, Smith and Walters all tallied in the second quarter to make it 5-1 at intermission. The Terps limisted the Irish to just eight first-half shots.

Notre Dame cut the lead to 5-3 at the end of the third quarter as Matt Howell and Brian Giordano scored.

But the Terps turned up the offense and defense in the fourth outscoring the Irish 5-1, including the first five goals of the quarter. All five goals were unassisted as Moran and Hunt scored on great indivdual efforts to make to 7-3. Then **Mike Mollot** made it 8-3 before Walters and **Matt Urlock** scored to close out the Terps' scoring.

NCAA First Round at Maryland

Byrd Stadium • College Park

No. 3 Maryland 8

No. 17 Ohio State 5

COLLEGE PARK, Md. - Through more than 54 minutes at Byrd Stadium in the first round of the 2003 NCAA men's lacrosse tournament, third-seeded Maryland's offense was clicking and its defense appeared unbreakable.

But within a three-minute span late in the game, the No. 17 Ohio State Buckeyes had the crowd of 2,294 on the edge of its seats, nearly overcoming a five-goal fourth quarter deficit before succumbing to the Terrapins 8-5 on a humid and windy afternoon in College Park and a national television audience on CSTV.

The Terps, who will play Massachusetts (9-6 winners over Hofstra in the first round) in the tourney quarterfinals, built a 6-1 lead on strong team defense and had major offensive contributions from unlikely sources.

CSTV Player of the Game **Mike Mollot** led the Terps with two goals and an assist. **Joe Walters** had a goal and two assists for a three-point game.

Second-line midfielders **Sean Leary**, **Matt Brock** and **Willy Passavia's** first-half goals staked Maryland (11-3) to a 3-0 lead in a defensive-minded 30 minutes of action that saw only 27 combined shots between the teams. The goals were only the fifth of the season for Leary and Passavia, while Brock's tally was his first of the season.

Mollot's unassisted goal gave Maryland a 4-0 lead, before Ohio State's Mike Norton broke Maryland goalie **Danny McCormick's** nearly 28-minute scoreless streak with just over two minutes remaining in the first half.

Jamie Daue scored his fourth goal of the season midway through the third stanza and Walters deked Buckeye goalie Tony Russo to give Maryland a seemingly safe five-goal lead with less than 12 minutes to play. McCormick again shut down the Buckeyes' offense through much of the second half, until the late Ohio State rally.

The Buckeyes (9-5) scored four goals in three minutes - including two in 12 seconds - and Pat Myers' second goal of the rally drew Ohio St. to within one goal as time wound down. Mollot stopped the bleeding with his second tally and **Ryan Moran** closed the scoring with his 22nd goal of the season into an empty net to secure the Maryland victory.

Despite the near late-game collapse, Maryland's defensive effort marked the best showing in an NCAA Tournament game since 1983 when the Terps held the Virginia Cavaliers to just four goals in a first-round affair. McCormick finished with 13 saves, including several one-on-one stops.

The game was also the lowest scoring NCAA Tournament game between two teams since Syracuse beat Princeton, 7-5 in the First Round in 1999.

NCAA Quarterfinals at Syracuse

Carrier Dome • Syracuse, N.Y.

No. 3 Maryland 13

No. 5 Mass. 7

SYRACUSE, N.Y. - The No. 3 Maryland men's lacrosse team advanced to the NCAA Semifinals for the first time since 1998 with a 13-7 win over No. 5 Massachusetts in the NCAA Quarterfinals held at the Carrier Dome. It will be the Terps' 17th overall trip to the national semifinals and the third trip for head coach Dave Cottle - his first with Maryland.

Senior captain **Mike Mollot** led the way for the Terps (12-3 overall) as he tallied four goals and added an assist in the win. Three other Terps scored two goals: **Matt Brock**, **Brian Hunt** and **Ryan Moran**. ACC Rookie of the Year **Joe Walters** scored his team-high 33rd goal of the year and added three assists for the Terps.

Maryland outscored the Minutemen 8-3 over the middle two quarters to build an insurmountable 10-5 lead at the end of three quarters.

Goalie **Danny McCormick** was sensational in goal again, as he made 15 saves keeping UMass at bay. The Terps' defensive quartet of **Michael Howley**, **Chris Passavia**, **Lee Zink** and **Brett Harper** shut down UMass' top two scorers blanking Jeff Zywicki and Kevin Leveille in the point column. Leading scorer Zywicki (41 goals/ 62 points) was shutout by Zink, marking the fourth straight game Zink held his man scoreless.

Mollot scored the Terps final two goals for Maryland including a sensational behind-the back shot to seal the Terps' victory.

The Terps poured it on in the third quarter as they outscored the Minutemen, 4-1 as Hunt scored two goals to finish a run of three consecutive goals in a span of 3:27 to make to 10-5 after three quarters. Mollot and Moran scored the Terps' first two goals of the quarter sandwiched around a UMass tally by Kevin Glenz. Maryland's defense continued to stifle the Minutemen in the third as McCormick made several point blank saves including two in a row from Zywicki in rapid fire midway through the quarter.

Maryland's offense got into gear in the second quarter as Brock tallied his second of the game and third of the NCAA playoffs with a rip into the high left corner with 9:21 left in the second quarter. UMass retaliated as Tony Ventiquatro scored after missing the last five games with a broken collarbone, to make it 3-3 with 7:59 left in the half.

The Terps ripped off the next three goals in 3:40. Mollot scored a pretty goal as he netted a wrap-around from the right side of the goal to beat goalie Bill Schell with 5:20 left in the half. Then, Walters scored off a pass from behind the cage from Mollot to make it 5-3. **Justin Smith** concluded the run as he beat his defender and then scored into a high corner as he was pushed from behind to make it 6-3 with 1:40 left in the half. UMass won the ensuing face-off and Chris Fiore scored an unassisted goal as he was falling to the turf with 1:24 left in the half to make it 6-4 at intermission

NCAA Semifinals at Baltimore

M&T Bank Stadium • Baltimore

No. 2 Virginia 14

No. 3 Maryland 4

BALTIMORE, Md. - History failed to repeat itself Saturday at the 2003 NCAA Men's Lacrosse Semifinals, as Virginia goalie Tillman Johnson made spectacular save after spectacular save en route to a 14-4 victory over Maryland, avenging a regular season 8-7 loss to the Terps earlier this year in Charlottesville. *Virginia went an to win their third natianal chompianship ond since since 1999 with o 9-7 victary over No. 1 Johns Hapkins n Memoriol Doy.*

Playing in front of a record crowd of 37,823 and a national television audience on ESPN2, Johnson recorded a career-high 18 saves and a stifling Cavalier defense kept the Terrapin offense off the scoreboard for much of the day.

Although Terrapin defenders **Michael Howley** and **Brett Harper** held Virginia's top two scorers, John Christmas and Chris Rotelli scoreless, Matt Ward paced the Virginia attack with four goals and an assist. Joe Yevoli also tallied five points on three goals and two assists.

Four Terrapins scored one goal apiece, including senior **Mike Mollot**, who finished his collegiate career with 77 goals and 95 assists, placing him 14th in career point scoring and ninth on the Terrapins' all-time assist leaders.

Despite several early scoring opportunities for Maryland, it was the Cavs who built an early lead on unassisted goals by Matt Ward and Trey Whitty.

Defensive midfielder **Joe Parker** found an ideal time to score his first goal of the year - a 15-yard blast off a feed from **Paul Gillette** - to pull the Terps to within one after the first quarter at 2-1. But Virginia responded on scores by A.J. Shannon and Billy Glading to push the lead to 4-1 midway through the second quarter.

Maryland again received offense from an unlikely source when senior **Sean Leary** found the back of the net one minute later on a rocket shot past Johnson, who made several spectacular saves in the first half to hold Maryland at bay, including a stop of **Brian Hunt** on a multiple deke at point-blank range.

Virginia broke the game wide open after halftime, scoring six times in the third quarter. Ward completed his hat trick one minute into the second half, pushing Virginia's lead to 6-2. Mollot's goal kept the Terps within four at the 12-minute mark of the period, before the Cavs tallied six consecutive goals - including three by Yevoli and Ward's fourth score of the game - while Johnson continued his superior play, keeping Maryland off the board for almost 24 minutes until the waning moments of the contest.

100TH MARYLAND-JOHNS HOPKINS GAME

April 17, 2004
Homewood Field
Baltimore, Md.

Maryland will play Johns Hopkins for the 1000th time in lacrosse history on April 17, 2004. The game will be played at Hopkins' Homewood Field in Baltimore. It will be televised live on WMAR Channel 2 in Baltimore and nationally on College Sports Television (CSTV).

Maryland and Hopkins are the two most storied lacrosse programs in the nation, with the rivalry beginning with back in 1895 as Hopkins defeated the Maryland Agricultural College. The Blue Jays (32) and Terps (26) have played in the first and third most NCAA Tournaments since the event began in 1971, respectively. Maryland (108) and Hopkins (172) have produced the most first team All-Americans in the history of lacrosse dating to the first awards in 1922.

This year's historic event will feature both teams wearing "throwback jerseys." The Terps will wear the mode of the early 70s when they won two NCAA championships including the 1973 title when they beat the Blue Jays in double-overtime, 10-9 on June 2, 1973.

The logo to the right will be worn by both teams on their commemorative jerseys. Following the game, the jerseys will be auctioned off for charity with Maryland's funds going to the Ronald McDonald House of Baltimore. Hopkins' money will go to the Hopkins Children's Hospital.

Overall, Hopkins holds a 62-36-1 lead in the series. Since the Terrapins elevated to a varsity sport in 1924, Maryland has a 36-52-1 record against Johns Hopkins. There has been at least one Maryland-Hopkins game every year since 1924 with the exception of 1944 and 1945 when World War II kept the schools from fielding teams.

The last three games have been one-goal affairs and four of the last six have been one-goal games. Maryland last won at Byrd Stadium in dramatic fashion, 10-9 on April 14, 2001 as the No. 5 Terps scored four fourth-quarter goals to overcome a 8-6 deficit entering the final stanza. 2001 first team All-American Pat McGinnis made a career-high 21 saves and was named the WMAR Player of the Game in the win. Hopkins came back for its own one-goal win two seasons ago on April 13, 2002, as Kyle Barrie scored with 1:45 left in the first overtime to give the Jays the 9-8 win.

Last season, Hopkins posted its second straight overtime heartbreaking win, 6-5, as Joe McDermott scored the game-winner 1:21 into overtime after the Terps tied in the fourth.

This year's meeting should be the 14th straight meeting between the teams when each was ranked in the top-eight in the nation. In seven of the last 11 meetings, the team with a lesser ranking has won the game including two of the last three games as No. 5 Maryland beat No. 2 Hopkins in 2001 and when No. 8 Hopkins defeated No. 7 Maryland in 2000.

Here is a complete listing of all the Maryland Hopkins games dating to the first one in 1895. Johns Hopkins holds a 62-36-1 lead in the series.

Kevin Boland of Hopkins is the son of former Terp Kevin Boland, who was part of the Terps' NCAA titles in the 70s.

"Strive for clarity, but accept and understand ambiguity."

That phrase captures one way in which an educated person approaches the world and its challenges. Students who graduate from the University of Maryland have been exposed to the tools that allow them to put that perspective to work. Imparting such a perspective may be an ambitious project for undergraduate education, but to aim for anything less would be unworthy of a great university's goals for its students. Thirteen years ago, Promises to Keep, a plan for undergraduate education at Maryland, articulated those goals so eloquently we repeat them here.

Undergraduate education at Maryland "aims to provide students with a sense of identity and purpose, a concern for others, a sense of responsibility for the quality of life around them, a continuing eagerness for knowledge and understanding, and a foundation for a lifetime of personal enrichment."

As we learn with and from one another, we try to "develop human values," "celebrate tolerance and fairness," "contribute to the social conscience," "monitor and assess private and collective assumptions," and "recognize the glory, tragedy and humor of the human condition." Your years at the University of Maryland can provide you with all the tools you need to accomplish these goals. Students here are "educated to be able to read with perception and pleasure, write and speak with clarity and verve, handle numbers and computation proficiently, reason mathematically, generate clear questions and find probable arguments, reach substantiated conclusions and accept ambiguity."

AND WE ALSO HOPE YOU ENJOY THE JOURNEY.

UNIVERSITY OF MARYLAND

The Campus

By virtually every measure of quality, the University of Maryland has gained national recognition as one of the fastest-rising comprehensive research institutions in the country. The momentum of recent years has poised the university to move it into the top ranks of higher education and take leadership in shaping the research university of the 21st century.

The university has enjoyed a decade of momentum in all of the areas that affect quality. The average high school GPA of entering students has zoomed from 3.01 to nearly 3.90, and the average SATs are now more than 1270. The student body is a model of diversity, with minorities making up more than 32 percent of all students, and at least one graduate and undergraduate student from every state in the nation.

The university has 67 graduate and undergraduate programs ranked in the Top 25 by *U.S. News and World Report*, up from just one program in 1991.

Sponsored research and outreach has nearly tripled in the same 10-year period, exceeding $350 million last year. Private giving also has increased, and the university last year concluded its first campaign by topping its $350 million goal by more than $100 million. Alumni Association membership has been growing at an average rate of 10 percent a year since 1992.

One of the largest research universities in the United States, Fall 2002 enrollment was 25,240 undergraduate and 9,561 graduate students. There are 94 undergraduate programs, 89 master's programs, 70 doctoral programs and one first professional degree program. More than 100 centers and institutes are engaged in research and outreach.

Faculty at the University of Maryland, in all fields of knowledge, are engaged at the highest levels of national and international concern. The university's location near the center of federal policy-making and international political and economic activity enables it to play an active role in research and analysis of public policy.

Maryland is one of 30 public universities in the prestigious 63-member Association of American Universities and the only public institution in the Maryland-D.C. area with membership in the nation's most distinguished honor society, Phi Beta Kappa.

Libraries

Seven libraries make up the University of Maryland library system: McKeldin (main) Library, Architecture Library, Art Library, Engineering and Physical Sciences Library, Hornbake Library, Performing Arts Library and White Memorial (Chemistry) Library.

These libraries constitute the largest university research library institution in the Washington metropolitan area, providing vital resources to researchers, visiting scholars, and businesses throughout the region. The libraries' holdings include more than 2.5 million volumes, 24,000 subscriptions to periodicals and nearly 5 million items available in microfilm format.

Research

Opportunities for conducting research abound at the University of Maryland, College Park, and in the surrounding area, both for faculty to advance their own expertise and bring their insights into the classroom, and for students to begin their exploration of their unique interests with practical experience. On campus, special facilities and a number of organized research centers, bureaus and institutes promote the acquisition and analysis of new knowledge in the arts, sciences and applied fields.

The university's enviable location — just nine miles from downtown Washington, D.C., and approximately 30 miles from both Baltimore and Annapolis — enhances the research of its faculty and students by providing access to some of the finest libraries and research centers in the country.

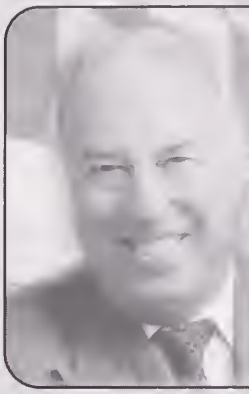
Service

Programs of public service are central to the overall mission of the university. The philosophy is reflected in the wide array of programs and initiatives that benefit the state's business, agriculture and education communities.

With more than 90 high-technology firms in the three-county area of Montgomery, Prince George's and Frederick counties, the university has found abundant opportunity to extend its business and technology outreach programs to the region. Many of these programs are part of the Engineering Research Center, which operates the Technology Advancement Program and the Maryland Industrial Partnerships, programs designed to provide Maryland entrepreneurs and small businesses with research facilities, technical assistance, administrative support and access to technology that will advance their economic base.

The Institute for Systems Research has formed partnerships with major corporations, including Lockheed Martin, Westinghouse, BF Goodrich, Hughes Aircraft and Dupont to apply advanced systems research to solving industry problems in the fields of communications, manufacturing, controls and robotics.

The university last year opened the Clarice Smith Performing Arts Center, with its six state-of-the art performance halls, which has quickly become a center of cultural programming in the Washington metropolitan area. The university also boasts four art galleries and a broad range of public art throughout the beautiful campus. Additionally intercollegiate, club and intramural sports provide students of all levels an opportunity to participate as spectators or athletes.



DR. C.D. MOTE JR.

University President
California '59
Sixth Year at Maryland

When C. D. "Dan" Mote Jr. became the 19th president of the University of Maryland on Sept. 1, 1998, he proclaimed it a university "on the move." Five years later, under his guidance, Maryland continues to move – at an ever-accelerating rate – on the field, in the classroom, in the community and in the world.

Leading a great university is a big job, but it's a role that Mote is accustomed to, having spent his entire academic career at the University of California at Berkeley, where he earned all his degrees, chaired one of the nation's top-ranked departments of Mechanical Engineering, and eventually became Vice Chancellor for University Relations before coming to Maryland.

The University of Maryland is the State of Maryland's most important asset, says Mote: "The future of the state depends on this university."

As president, Mote is committed to making that asset even greater by nourishing a culture of excellence and civility across the campus, providing the highest quality education for students, strengthening the university's connections with its various stakeholders, building partnerships with State and national corporations and federal agencies and achieving distinction as an institution where discovery takes place every day and everywhere.

The university's progress can be seen in every area, from its nationally-ranked programs to its growing range of partnerships to its world-class, state-of-the-art facilities.

Quality Programs

Over the past decade, the quality of Maryland's programs has grown by leaps and bounds. In 2003, the University of Maryland moved up to 18th place among public universities in *U.S. News & World Report* rankings, the first time it has broken into the top 20 in its steady climb to distinction. We currently have 49 graduate and undergraduate programs and units ranked in the top 15 by *U.S. News & World Report*, up from 5 eight years ago.

While our academic successes have spread across the board, the university has emerged as a true powerhouse in business, computer science, earth sciences, engineering, environmental policy, education and journalism. Maryland is one of only 10 public and private universities that have their programs in computer science, mathematics, physics, and engineering each ranked in the top 20, and the Robert H. Smith School of Business is one of 6 nationally ranked in both the top 10 Business Faculty in Teaching and the top 10 Business Faculty in Research.

Faculty Stature

With the addition during Mote's third year of a Nobel Laureate in Physics and three more Pulitzer Prize winners (to join three already on the faculty), Maryland continues to attract the best faculty available. This past year a faculty member was the recipient of the Japan Prize, an award given by the Japanese government in technology that is equivalent to the Nobel prizes. More than 30 of our faculty are members of the national academies, the highest professional recognition attainable.

Experts on the Maryland faculty are regularly sought by the news media for their views on a wide variety of issues, including political events, international affairs, social trends, economics, the environment, science and technology.

Talented Students

Over the past 10 years, it has become a cliché to announce that each year's new freshman class is the most talented ever. The average GPA of entering students in fall 2003 is 3.9, while the average SAT score is nearly 1,300.

Not surprisingly, the number of students enrolling in honors and other special programs has also skyrocketed in recent years. Our extremely popular living-learning programs, which bring together students with similar academic interests in a residential setting, were ranked 3rd in the country in the latest *U.S. News & World Report*. In the last academic year, over 6,000 students enrolled in such programs as Gemstone, College Park Scholars, and the Hinman CEO Entrepreneurship Program.

Athletic Excellence

Mote sees athletics as an integral part of the university experience. Indeed athletic success more often than not reflects academic success, he notes. For example, all four of the teams that played in the 2002 NCAA basketball Final Four, including Maryland, are members of the prestigious Association of American Universities, the organization that comprises the leading research and academic universities in North America. "That's no accident," Mote says. "Institutions that are committed to excellence tend to be excellent in every endeavor. Our successes in basketball, lacrosse and other sports reflects our culture of quality as much as our successes in engineering, business, education and journalism."

DEBORAH A. YOW

Director of Athletics
Elon '74 • 10th Year at Maryland

Deborah A. Yow is in the tenth year of her outstanding tenure as director of athletics at the University of Maryland, a year that has seen unprecedented success and achievement in Maryland athletics. Each year has brought about continued improvement and accomplishment in Terrapin athletics. In Yow's nine years at Maryland, the Terrapins have won a remarkable nine NCAA national championships as Maryland athletics has soared to new heights.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of excellence, teamwork and accountability.

Likewise, her election to the presidency of the National Association of Collegiate Directors of Athletics three years ago is an indication of the wide respect with which she is regarded among its 6,100 members representing 1,600 colleges in the U.S. and Canada. She was recently singled out by *Street and Smith Sports Business Journal* as one of the leading administrators in the U.S. and she received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration. Yow was selected to serve on the U.S. Department of Education's Commission on Opportunities in Athletics to review the status of Federal Title IX regulations, as well as the chair of the Atlantic Coast Conference Committee on Television for the 2003-04 academic year. The committee, comprised of the ACC's athletics directors, is charged with overseeing the league's TV contracts and dealing with issues related to television. Additionally, in May, she was chosen as one of three recipients of the 2003 Women of the Year award by Women in Sports and Events.

Yow, who recently served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America. Since taking over as AD at Maryland in 1994, she and her staff have:

• Transformed Terrapin athletics into a responsible, goal-oriented organization.

• Balanced all nine of the annual department's budgets (the first balanced budget in the 10 years prior to her arrival). The budget has now reached $42 million annually and the sizable prior accumulated operating debts have been eradicated.

• Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent.

• Led the Terrapins to a national all-sports ranking in the upper 15 percent of all NCAA Division I institutions.

• Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased 240 percent and corporate sponsorship revenues have increased by 275 percent during her tenure at Maryland.

• Continued to dramatically improve venues and facilities for the department's 25 teams.

• Implemented a strategic management model.

• Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.

• Significantly improved customer care in every area.

The most recent achievements of Maryland athletics are exceptional:

• Selected recently by *U.S. News & World Report* as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).

• In football, won the 2002 Atlantic Coast Conference championship and played in the 2002 Orange Bowl and followed this with an 11-win season and a 30-3 victory over the University of Tennessee in the Peach Bowl in December 2002. This past New Year's Day, they routed West Virginia, 41-7, in the 2004 Gator Bowl. In men's basketball, the Terps advanced to the Sweet 16 in the NCAA Tournament following its second consecutive Final Four and the National Championship in 2002. The Terps are among only a few NCAA institutions to have achieved this level in both these revenue sports in the same year.

Additionally, Maryland is one of only five universities to win a National Championship in both basketball and football (UCLA, Michigan, Michigan State, Ohio State and Maryland).

• Hired the Associated Press National Coach of the Year, Brenda Frese, as the new women's basketball coach.

• Hired Dave Cottle, the third-winningest active men's lacrosse coach in the U.S.

• Field Hockey played for the National Championship in 2001.

• Women's Lacrosse has continued its winning ways and has won seven consecutive national championships through 2001.

• Enhancing football facilities significantly with Team House and practice field upgrades.

• Moved into the new $125 million Comcast Center

• The athletics budget was balanced for the ninth consecutive year.

• In 2002-03, 10 Maryland teams competed in NCAA postseason play.

• The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past nine years, Yow says, ***"We are pleased, but we are not satisfied... our vision is to be one of the top 10 programs in the nation consistently... we see no reason to settle for less."***

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to***"raise our sights and sharpen our tools... to work hard and smart... to recognize that our only limitations are those that we place upon ourselves."***

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men's basketball (while at Saint Louis University). Yow is known as "a coach's AD," while also be highly organized, strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator.

A successful former coach at the University of Kentucky and University of Florida, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a successful tenure as AD at Saint Louis University.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States.

Summing up the entire athletics program, our athletics director recently stated, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the M Club members who serve and give liberally. We are also blessed with a terrific President Dr. Dan Mote, who has fostered a mindset of excellence across our institution. he is a strong and balanced advocate for what he calls 'the three A's of the University — **A**cademics, the **A**rts and **A**thletics'. We have a great Terrapin family. That's the foundation for all of our success... and the basis for our bright future. It's a great time to be a Terp."

ACADEMIC SUPPORT & CAREER DEV

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

Led by acting associate athletics director Val Sheley, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes. **Don Pearman** works with the men's lacrosse team.

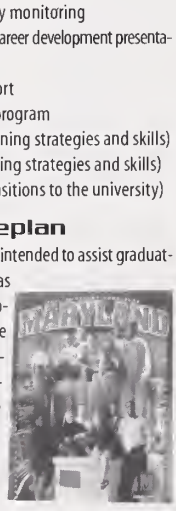
The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for six professional academic counselors, a director of enrichment programs, an assistant program coordinator and two graduate assistants. In addition, a new academic wing was added to the Gossett football team house last Fall. It features offices for two counselors, a program assistant and the learning specialist, as well as a quiet study area, 29-desk computer lab, classroom, tutor rooms and classroom/lab for the individualized learning program.

Academic courses, programs and services offered by ASCDU include the following:

- Student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100 (First-year transitions to the university)

Maryland Gameplan

The Maryland Gameplan is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 500 corporations and businesses across the country, in addition to being featured on the M Club website. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The Maryland Gameplan directory is produced annually in collaboration with the M Club.



Career Networking Night

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume- writing, interviewing skills, graduate school search and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Career Networking Night, where student-athletes can learn about career interests and career planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest. Employers at the Career Networking Night recognize the marketable qualities student-athletes have gained through athletic participation. Student-athletes learn about opportunities for internships and full-time jobs.

Student-Athlete Advisory Council

The Student-Athlete Advisory Council (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/Life Skills Programs

ASCDU houses the NCAA's (National Collegiate Athletic Association) Challenging Athletes' Minds for Personal Success (C.H.A.M.P.S.) Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

Highlights of the CHAMPS/Life Skills Programs:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities
- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

CHAMPS/Life Skills Programs Commitment Statements

Commitment to Academic Excellence To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development To support the development of a well-balanced lifestyle for student-athletes, encouraging emotional well-being, personal growth and decision-making skills.

Commitment to Career Development To encourage the student-athlete to develop and pursue career and life goals.

Commitment to Service To engage student-athletes in service to his/her campus and surrounding communities.

Academic Support For Returning Athletes Program

The Academic Support for Returning Athletes Program was created in 1986 to support the academic efforts of former varsity student-athletes at the University of Maryland, College Park. In 1989, ASRAP was assigned by the President's Office to the Academic Achievements Program and enrolled 40 students that year. As a member of the National Consortium for Academics and Sports (NCAS), the University of Maryland is committed to assisting its former athletes with degree completion. A key component of the program is community outreach. Each returning student completes a "workship" that allows the cost of tuition and fees to be exchanged for community services with youth. In 2002, ASRAP moved into the ASCDU.

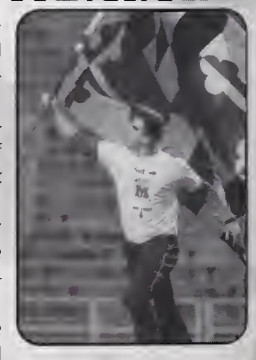
STRENGTH & CONDITIONING

Collegiate lacrosse has evolved to the point where total physical preparation is necessary to successfully compete on the Division I level. It has become extremely important to strength and conditioning coach **Craig Fitzgerald** (pictured right) that all of the Terrapin athletes are prepared through training to maximize their athletic development in terms of strength and conditioning. The high level of dedication by the members of the lacrosse team has brought about spectacular achievements in the weight room and in competition.



The objective of the strength and conditioning program for lacrosse is based on the enhancement of performance as well as the prevention of injuries. Fitzgerald makes every attempt to accommodate the different training needs of each individual athlete.

The preparation of a student-athlete to compete in lacrosse goes beyond strength and power training in the weight room. Speed improvement, flexibility, plyometrics, nutrition, agility and conditioning are also important ingredients in the preparation of the lacrosse team here at Maryland. The strength and conditioning staff puts a great emphasis on improving the quickness of the Terps through increased mechanical efficiency and the improvement of acceleration of maximum velocity.
